Judith A. Boss earned her PhD in 1990 from Boston University, her MA from Dalhousie University in Canada in 1971, and her BA from the University of Western Australia in 1969. Prior to pursing a career in academia, she worked as a writer/researcher for the Nova Scotia Museum. She was on the faculty of the Department of Philosophy at the University of Rhode Island from 1988 to 1995 and worked as Assistant Director of Curriculum Affairs at Brown University School of Medicine until 2004, when she "retired" to return to full-time writing. She remained at Brown University as a visiting scholar with the philosophy department for several years while working on her textbooks. In addition to her philosophical interests, she completed a MS in Human Development at URI in 1991 and has led faculty workshops and written extensively on the topic of college student development. She was recipient of a URI Foundation Grant to study the effects of community service learning on students' moral development and has served as a grant application reviewer for the Corporation for National Service. The author of nine books, her publications include ANALYZING MORAL ISSUES and ETHICS FOR LIFE, both with McGraw-Hill. Her textbook THiNK, also with McGraw-Hill, just came out in 2009. She is published in, among other, The Journal of Moral Education, Public Affairs Quarterly, The Journal of Medical Ethics, Academic Medicine, Educational Theory, Free Inquiry, and The Journal of Experiential Education. During her spare time she volunteers with the U.S. Fish and Wildlife Services and is active in the Appalachian Mountain Club. An avid traveler, she has traveled with students from the University of Rhode Island and Brown Medical School to work with underserved, indigenous people in Guatemala and Mexico. Her favorite travel destination, however, is Antarctica, and Blue Ice, a suspense/thriller she wrote that is set in Antarctica, is coming out in print next year. She lives in Rhode Island with her daughter, son-in-law and twin granddaughters.

The author does a good job of teaching discernment in ethics and morals. This was required reading for my College Ethics class, and this book helped me to get an A. It's well laid out and organized. Very wordy, but the thesis does teach right from wrong in a variety of situations.

When your class gets to the juicy bits such as abortion, be prepared to throw down. This book was the best drama starter I have ever read in class. I am talking about girls standing up in class about to scratch faces off in defense of their moral positioning regarding abortion and vegetative states. Be ready to just toss out a line or two that might irk someone else in class with this book, and then

sit back and enjoy the show.

Book was pretty beat up

used it for class

Good Buy - quick ship - thanks

Wonderful, every thing was excellent.

This book arrived in great condition, I purchased it for an ethics class i was taking for school, not my first choice of reading material but definitely easier to read than others.
