Customer Reviews

I found this book to be interesting and well thought out. I like the assortment of characters and the plot in general. The plot seems realistic considering the event and I think portrays how people would act under these circumstances.

Good character development, good story continuity. Would have been more enjoyable as a complete book rather than in 3 parts. Not sure it's worth buying the third book...

This was an interesting book to read. It’s not a hard core survival book, but has some interesting characters in it.

Liked it and am looking forward to the next in the series.

Looking forward to another book, have to wait for it.

Great read. Looking forward to the next book in this series.

Excellent book and I’m looking forward to Book 3.
