Synopsis

I’ve compiled 10 of my favorite Loom Knit Stitch patterns that I shared on my website in this little eBook. Warning these patterns are not written in a conventional manner. I wanted to make them simple enough for beginners to be able to read and to follow. To make things even easier every pattern includes a step by step video tutorial

Customer Reviews

Awesome book! Great book for beginners. I think she is the best teacher that I’ve watched for loom knitting and I’ve watched them all.

Love it...I never knew there were so many stitches I could use on the looms.

Being a beginner loom knitter, I found Denise Canela’s, Loom Knitting Stitches invaluable. It is laid out with very easy directions, without to much additional confusing terminology. And the best part, it

has video backup with the written instructions.If you are contemplating trying loom knitting, I definitely suggest you start with this book.

Like the links to the tutorial videosEasy to followWould have been nice to include cast on/off methods as a refresher and/or guide for those who go months between projects and can't remember

I am an educator. Denise is gifted in her ability to instructor a beginner on this craft. The videos are very clear. I'm having a blast. Thank you, Denise!

Very well done, a few type "O's". A little more information was needed for me, a "Newbie" to looming. I congratulate anyone who has the ability to come up with the patterns, and then shares them with the world of crafters. Thank you.

love the book it s a great teaching tool with the videi

love this book and all of denise's content. she has taught me so much about looming! can't thank you enough.
