Synopsis

Work is a central aspect of human life in every culture and every society. In certain societies work may be a means by which individuals define themselves and/or maintain their quality of life. However, as a whole, work is the essential means by which we all attain our basic needs such as food and water. In our modern society, persons with disability face a society in which jobs and education are not as easily accessible or attainable. Disability often complicates the delicate interrelationships between people and work. It may affect work productivity, relationships with coworkers, and relationships at home.This third edition covers the latest in legislative background and other contextual matters regarding employment of people with disabilities; vocational theories and research related to disability; counseling interventions, multicultural issues, vocational assessment, labor market information, and accommodation of people with disabilities in the workplace; job placement and job development; outreach through business consultation; and supported employment for individuals with developmental disabilities.Target Group: Under-Grads, graduates, educators, researches, and rehabilitation and vocational counselors assisting people with disabilities.

Customer Reviews

Received this book in a timely fashion. I have noticed a few typos within the first couple of chapters and much of the book seems repetitive of other counseling books that I have read. This book is "just okay", not the most interesting for sure.

A good book to gain understanding of the impact disabilities have on an individuals ability to work and accommodations that can help.

Great to learning this information. It’s for my masters that apply for my clients I deal it everyday I liked it.

Great company to work with! I ordered my book on 8/16/11 and had it on my door steps by 8/22/11. Just in time for school!!! :)

I like this product and it was brand new!Buyer was nice and polite!Buyer sent me tracking info!Shipment took no more than 3days if that!I reccommend this buyer!

I rented this textbook instead of buying it. I regret it because it has a wealth of information for use and reference.

This is a fantastic book and a great introduction to the fields of disability and rehabilitation counseling.
