Synopsis

Three great countries, one great resource! Featuring more than 50,000 individual coin listings, more than 6,100 photographs and updated coin prices for the United States, Canada, and Mexico, 2017 North American Coins & Prices is the perfect single source reference for people passionate about the coins of our continent. Organized by country, government, denomination and date of issue, this reference is a clear, detailed and easy-to-use resource for a vast array of coins. The U.S. section offers listings for early Colonial coins and tokens of the 176th and 18th centuries through Federal issues from 1791 to date. The listings for Mexico begin in 1701 and flow chronologically through many government changes while Canada's listings begin with its earliest unified coinage in 1858 and continue through their many 21st century commemorative issues. Inside you'll find:Pricing, descriptions and photos for coin issues of the United States, Canada and MexicoImproved chronological structure for Colonial America and Mexico War of IndependenceGraphs providing historical market performance of significant U.S. coinsExpanding pricing grades for Canada and MexicoFor more than two and a half decades, North American Coins & Prices has provided unique, complete and authoritative information. Experience for yourself why this exceptional reference is the best guide of its kind on the market.

David C. Harper, Iola, WI, is editor of Numismatic News, executive editor of World Coin News and editor of U.S. Coin Digest. Harper has more than 25 years of numismatic experience and has

received numerous awards from the Numismatic Literary Guild.

This is a far superior book to the Canadian Charleton Catalog vis a vis Canadian Coins, the latter of which has several errors and too many years presented in an non-chronological fashion. Harper's book is basically equivalent to the Yoeman red book (the Bible for US coins). So,buy this and get a twofer for a better price. As to Mexican coins, I don't collect them, but the organization appears to be fine.

Bought this as a gift for a collector and he was extremely happy with it and that's all that matters to me. He said the book is very complete and has everything one could want from a collectors pricing book.

Good reference book for Mexican and Canadian coins. Reasonably priced.

This item arrived on time and as advertised.

Yes. just great and ease of use

Overall good, but it would be nice if they included examples of grading as you find in Redbook for US coins.

good book

Need an updated version so I can evaluate my collection of US and international coins.
