Customer Reviews

I have been collecting foreign coins intermittently for the past 50 years. By "collecting" I mean keeping a handful of change whenever I traveled outside the country, or acquiring coins from friends and relatives who have traveled out the country. I never made an effort to buy any foreign coins, but I enjoyed accumulating a pile of coins from around the world. Recently I decided to try to organize my coins and find out exactly what I had, and to see if any of them might actually be worth anything. I purchased World Coins. I am extremely impressed with how much information Is contained in this book. I have been able to identify and evaluate every coin I’ve taken out of the shoebox so far. I still

have more to examine, but so far it's turning out that the book is probably worth more than most of the coins I have. Regardless, I am very much enjoying the process. I am obviously not a professional collector, but I think anyone, hobbyist to professional collector, will find this book very helpful.

I am very satisfied with this book. It cleared up a lot of questions, that I had about some foreign coins.
