Synopsis

This book is a practical guide for any student considering enrollment in, currently enrolled in, or recently graduated from an online course. The authors, both with substantial online teaching and learning experience as well as seasoned professionals, deliver concise guidance to make the online learning journey enjoyable, productive, and most of all, worthwhile. Major topics include how to identify the best online program; comparing online with traditional education programs; finding an ideal work-life balance; managing time and staying organized; how to form good habits to maximize your chances for success; getting the most out of an online learning environment; and using your online education to succeed in your career. As the singular guide to success as an online learner, this practical book serves as the essential desk reference for every online student.

Kevin J. Fandl is a legal writing and legal English scholar with extensive publishing and teaching experience. He served as a managing editor for the Foreign Policy Bulletin for three years and as a senior editor on the American University International Law Review for two years. He has published 10 law review articles, several editorials and book reviews, and three books on law and legal writing. He is the director of the Global Legal Education Institute, which develops and delivers on-site training around the world on numerous U.S. law topics, including Legal English and Legal Writing. Fandl earned his MasterÃ¢â ¬â„¢s degree in International Relations, his Juris Doctor degree in Law from American University, and his Doctorate in Public Policy from George Mason University. He

lectures frequently at the Georgetown University Law Center and the American University Washington College of Law, and consults for the World Bank and the Organization of American States. He has taught online at numerous universities since 2004. Following nearly 10 years in federal service, Fandl is currently an Assistant Professor of Legal Studies at Temple University in Philadelphia. Ã Â Jamie Smith is an attorney who has been teaching since 2006 and teaching online since 2007. During this time she has taught in numerous undergraduate and graduate programs. She is a full-time faculty member at an online university and has previously served as Chair of an online program. Smith received a J.D and an M.A. in International Affairs with a concentration in international law and organizations from George Washington University. She is licensed to practice law in the District of Columbia, has extensive civil litigation and appellate experience, and is a certified mediator.

This book really helps me in start of my college adventure.

Good book

I ordered the book for myself not part of a class. It will help me in the future with my on-line classes.

I just started back at school after years of being away. It’s been a tough adjustment. It’s a little intimidating to be back in school so many years later, and I had never done the online thing before now.I feel like it was a great intro to online schools, but I’ll also use it like a reference guide. It has practical advice on dealing with issues that come up, and just how to be a good student. It has some job search advice as well.I highly recommend to someone who’s going back to school and will be doing it online.

New and seasoned online students will learn much from this book! Find out how to best work with your instructor and peers and how to organize for success. Also recommended for online instructors who must engage with students holistically and facilitate their learning in a challenging environment.The authors are both superior online instructors (I’ve seen their student critiques as a former program director) and know what they are talking about in this book. I can only hope they will create a similar product for online instructor success!
