Author Information Educational Testing Service (ETS) (Princeton, NJ) is a private, nonprofit organization devoted to educational measurement and research, primarily through testing. Founded as a nonprofit in 1947, ETS develops, administers, and scores more than 50 million tests annuallyÃ¢â ¬â ¢including the TOEFLÃ Â® and TOEICÃ Â® tests, the GREÃ Â® tests, and The Praxis SeriesÃ¢â Â¢ assessments--in more than 180 countries, at more than 9,000 locations worldwide.

This book is very good and i don’t have any complains with the the format of the book. In fact, I am very happy with the quality of the questions provided. The only problem that bothered me was the CD sent along with this book. I am very upset because it stopped working after few days of the purchase. Now, I am not being able to do the exercises of listening, speaking and writing. It would

be really great of the seller, if they could send me an another CD because without a proper functioning CD, my purchase is a total waste and with the exams coming near, I am not being able to continue my practice.

I’m a TOEFL teacher and this is the best material for TOEFL practice. I highly recommend it for those who just want to practice. The only drawback is that there is no CD ROM - only an audio CD. This book would be a great complement to theÃ Â Official Guide to the TOEFL Test With CD-ROM, 4th Edition (Official Guide to the Toefl Ibt)

Official Guide to the TOEFL Test With CD-ROM gives you three real exam on CD. I thought this book has the same format in the CD. I am very disappointed that you need to take the exams on the book not on the CD.This is unbelievable and unacceptable. It shouldn’t be difficult to prepare a test program and put these 5 tests into the CD for real testing experience.

It would have been better if all 5 tests could work on the computer as is the real toefl IBTtest.

100% great book to prepare for the TOEFLiBT. Tips are awesome. Just do all five tests, and you will definitely get great score. Use this book with Official Guide to the Toefl ibt, then you will not reqire any other material or advise to prepare the test. I am fully satisfied. Flawless material.

This is the best book available for TOEFL test preparation. Offers 5 real tests. I had this book and also Official Guide, and got 100 total. Therefore, I will strongly recommend to practise 90%of the time with official ETS books. And 10% on other books such as Cambridge preparation to build foundational skills, and some vocabulary books to develop specific vocabulary

Not really happy with the book. ETS is extremely lazy, so they do not provide real level of the TOEFL test. Thus, if you prepare only using this book, be ready that the real test will be much harder!Also there are no time limits for each section, especially for listening, and no CD with a computer version of the test, so you have to guess what time you will be allowed to answer test questions.

I got this book a few month ago. This is a very good book. Specailly, the CD is worked perfect i played in my car every day. They have practice test, test planner, appendix A and B, answer keys,

and audio for all listening passages on the accomanying disc, with complete audio track transcripts.
