Synopsis

Through her pranks, sketches, and videos about everyday life, Jenn has become a mouthpiece for millennials and one of YouTube's fastest rising stars! Jenn McAllister, better known as JennxPenn, has been obsessed with making videos since she found her parents' video camera at the age of eight. A shy child, Jenn turned to film because, unlike with life, you can always have a do-over. Really Professional Internet Person offers both an insider's guide to building a successful YouTube channel and an intimate portrait of the surreality of insta-fame and the harsh reality of high school. Brimming with honesty, heart, and Jenn's patented sense of humor, Really Professional Internet Person features top 10 lists, photos, screenshots, social media posts, and never-before-posted stories chronicling Jenn's journey from an anxious middle schooler just trying to fit in to a YouTube sensation unafraid to stand out.

Super funny. Very personal. Very well written. She gets her point across and expresses it well so it's easy to understand. The lists of 10s are very good and helpful. Read it during freshman year and took my mind off of things. If I didn't already love youtube I do now. Waiting for book 2.

It's a great read, it made me laugh during my worst days in high school. This may have just convinced me to start youtube. I was kind of hoping for a signature because I live very far from the US (Hong Kong).

I Love Jenn and I love her book! I finished this book in like three days and I couldn't stop reading it! She made this book very interesting and funny. I hope she writes more in the future. (:

A great overall read.

Good book.

Love the channel but it was more jibber jabber then an actual book but read in class anyway I like the pictures though :)

This book is an absolutely amazing book! I am so proud of Jenn for writing it! Everyone in the world should read this book!

My 12 yr old granddaughter had this book finished in 3 days. Is passing it to my 13 yr old granddaughter to read.
