Customer Reviews

I was able to take the course with the author, which was a nice bonus. I like that the book is shorter than most casebooks but still teaches a lot of info--it's just in a concise manner, which I appreciate.

I mean, it's a casebook. The material is laid out logically and made easy enough to follow. If your professor is as acquainted with the text as mine here at U of Michigan Law it will make it even easier.
