Customer Reviews

Hello everyone! My name is Katie and this is my swear word coloring book Sit the F*ck Down and Color. What's more relaxing than coloring books? What's more stress relieving than swearing? Combining the two that's what!!! Whether you had a bad day at the office, got stuck in traffic, or got bothered by that jerk of a neighbor you have, I am here to help! Just sit back, relax, and start coloring. I promise you will feel better in minutes.

I take great pride in my art, but even more pride expanding your minds into new lands of depravity. However, please keep these new words away from children....they are our future for f*cks sake!!! This book may not be for kids, but it will certainly tug at your inner child. Coloring puts a big smile on my face, but coloring the word a**bag makes me laugh out loud. I hope you will too.Ã Â Now Sit The F*ck Down and Color.

This is one of my favorite sweary coloring books, the pictures are nicely drawn and I like the addition of the cute animals. I do have swear word books I like a lot less, I probably have at least 10-15 in total and I have to say this one is probably my favorite of all of them. Some of the words are very crude and sexual but all the sweary coloring books seem to have gross sexual terms so it’s not unusual. If this offends you, you might want to skip this one. Luckily for me my friends are mostly open to the crudeness and they enjoy coming over to color swear word coloring books with a bottle of wine. It’s a lot of fun for a girl’s night!The paper does not have perforations and it is pretty standard paper for these adult coloring books. It is thicker than most computer paper but will bleed through with markers. Luckily they are only printed on one side so I just stick a couple sheets of paper behind my coloring page and everything is good.The reason I like this book in particular is the line weights are consistent, it looks cohesive and not like cut and paste or clip art and the drawings are creative and fun. They don’t all look exactly the same, some coloring books have an extremely similar look to every page so you get bored after coloring one. This book has some different themes and makes me want to come back and color more pages.I colored one page so far so I’m uploading a picture. I used a couple different mediums: colored pencils and brush tip markers (Crown Art brand on both of those) and also Marco Raffine colored pencils.I received this coloring book free for

review purposes. review is my honest opinion.

This coloring book is loads of fun! Once I got it, I had to view every page and I laughed all the way thru! This is the first coloring book of its kind that I own and it sure does make a great conversation piece.It measures 8.5 x 0.2 x 11 inches, is paperback, and has 30 pages to color.The images are printed like landscapes (not portrait, like most coloring books) and on one side of the pages of which is great. The non-perforated pages are of average thickness, bright white in color with images that are done in black ink. There are also 4 blank pages in the back of the book.I received this item at a discount or free in exchange for my honest opinion, and a review of my experience.

I loved this coloring book .It was a Great Stress Reliever to sit down and enjoy after a long day in chaos .Each page has a sweary element with a hilarious picture coupling of cute little cartoon animals, foods and fun designs .The outlines of the drawing are bold and not faint , you get a great picture to color .I myself used colored pencils , but you could use gel pens . I would recommend using a spacer in between the pages so the color doesn't bleed through ..pages are one sided , but thin.* Is a verified Purchase pics below & bought on Nov. 7, 2016

Are you a stressed adult who doesn't mind a swear word or two? Do you like to color? If you answered yes to the above questions then this book is for you! Honestly even if you haven't colored in years as long as a swear word does not offend you, this is a fun book. Something about a dirty word surrounded by flowers makes me giggle. The quality of the pages of the book is nice - this is not made of the cheap recycled pages that you find in some children's coloring books. The designs are also single sided so if you want to hang up a design on your cubical wall or refrigerator you can do so without missing out on another coloring opportunity. One thing I did notice was that there were multiple blank pages at the end of the book. I was not sure if this was by design and was meant to be used to create your own pages or not.Disclaimer: Please be advised that I received this coloring book in exchange for my honest review. With that being said, I would consider buying additional copies of this book as gifts.

I bought this book to get a laugh & to get my mom to color. Mom has Parkinson's & she has a hard time writing, seeing small print etc. This book doesn't have the tiny geometric, paisley, & page encompassing patterns. It's fun in the sense it lampoons current & past cuse words.. Some are so ridiculous that I was lmao. I am not easily offended as I worked commercial salmon fishing from age

16, worked in a prison, & was a Parole Officer for years. "Gallows" humor was one of the only ways to cope with the constant barrage of hidious, horrendous, & disgusting crimes people did. I'm not one who cares much if someone swears. Of course only should be used in appropriate settings.I didn't like the thinner pages & the inability to tear the page out.It is what it is! Hilarious, weird (some sayings definitely British English), odd, & harmless fun.FOLKS, PLEASE don't attack an author/artist because the book is "dirty", smut, pornographic, offensive, or etc! It says exactly what it is. It's anADULT SWEAR WORD COLORING BOOK!

As soon as i got this i opened it up to "twat waffle"!! ÃƒÂ Ã Å¸Ã ËœÃ â ÃƒÂ Ã Å¸Ã ËœÃ â laughed my ass of so hard and absolutely out loud! I had a few people stare at me at the post office!! Ive been coloring for years and i really enjoy these designs! Super funny and cute! Even my husband was laughing. One of the pages has moose knuckle! It's one of my husbands favorite sayings! Too perfect! On the inside of the front cover there is a website to get more designs for free. I hope you enjoy as much as me!

I love this book! These adult coloring books are supposed to be stress free. I've tried others where I have been frustrated because I messed up on small details and that drove me nuts, not really stress free. I came across this book, it's hilarious and perfect for me. Laughter is the best medicine and this is going to make you laugh every time I promise.
