This is the "Popular" book from the supplementary library that complements the Piano Adventures Series. The songs are all on the staff, which means that the student needs to be past Unit 5 or 6 in order to read these. However, some students may be able to read this earlier if the finger numbers are written in. Students who need a little extra incentive to practice will enjoy playing songs that they recognize from movies and such.Songs are:The Candy Man (Willie Wonka and the Chocolate Factory)Groove TuneI Just CanÃƒÂ¢Ã â ¬Ã â„¢t Wait to Be King (The Lion King)If I Only Had a Brain (The Wizard of Oz)ItÃƒÂ¢Ã â ¬Ã â„¢s a Small WorldThe Merry-Go-Round Broke DownOompa-Loompa Doompadee-Doo (Willie Wonka and the Chocolate Factory)Part of Your World (The Little Mermaid)The Pirates Who DonÃƒÂ¢Ã â ¬Ã â„¢t Do Anything (Veggie Tales)Scooby Doo Main TitleThis has been a very popular book with my students, and one that they love to use for recitals!

Excellent collection of primer level pieces for beginning piano students. I use it often with students.

What a wonderful VERY EARLY beginner book! This book is perfect for a young child who has been playing 3-6 months. Most every song is in middle C position. Children can practice reading music on their level mixed with different finger combinations. It is great for reviewing once they are familiar with the basics of reading sheet music and encourages them to play more. I have used this book to encourage the children at the end of each practice session. Everyday we go over required assignments for the week and then we pull out this book, or one from the series, for the "fun stuff". This book allows the kids to play songs they are familiar with and enjoy. Who does not like Willy Wonka?! This book makes learning piano fun, and quickly makes the child feel like they are really playing real songs! I have found it to be a great encouragement.

Great and fun beginning book.

Fun Fun Fun, my daughter is learning piano and this gave her the opportunity to play fun songs while learning to play piano. When children can recognize the song they are playing it is so encouraging to them and they feel like they are learning. I love this little books!

These were requested by my son for his 6 yr old daughter. She obviously adored them and promptly gave us a small concert. I did not get a chance to do duets with her, but I am now know as the "piano grandma" in contrast to her "Portuguese grandma".

My daughter loves to play out of this book. Challenging enough to make her think, but not so much that she gets frustrated. She loves playing the Disney songs.

I use it for my students when they need a "fun project." It’s been very useful.
