Customer Reviews

I'm a diehard Saw fan so I really wanted to expand my collection. My only complaint about this book is that it doesn't fit in with the movie canon. It's sort of an alternate timeline. Still a great story!

It was really great going back to how this movie all began. It was especially terrific in knowing just how Amanda Young/John Kramer & Jill Tuck knew each other. Knowing that part of it made a better understanding of watching their characters in the movie unfold.
