Customer Reviews

Jack Hatfield is a masterful teacher. In book one he shows you a basic roll and then immediately has you playing a song. It’s a great way to learn, especially for the short attention span (Oh yeah, I was typing a review). With Book 2 it’s probably best to have some understanding of the banjo and basic rolls before attempting to dive into this book. It comes with a CD to hear the examples and tab instead of staff music. Gets you playing up the neck and in various keys so you’re not just stuck in one position and in the key of G. I highly recommend this for anyone trying their luck learning banjo. My wife even got hooked on it.
