Customer Reviews

If what you are looking for is a coloring book filled with intricate detail, this probably isn't the book for you. If, however, what you want is charm, whimsy, and a style all its own, I really think you can't go

wrong with Kawaii Coloring Book. The art is pretty simple (as I have tried to demonstrate in the photos I included), but there are all sorts of subjects to color. There's food, bunnies, hearts, even robots and monsters. Even the spiders in this book are cute! This book is one image per page. It never fails to make me smile while I color. I think I'll be buying a second copy!

For all of the adult coloring books that exist right now, it's been particularly hard to locate one with cute doodles or 'kawaii'. That's why I'm so glad that I found this book. I really like how it has a variety of different coloring pages, from cupcakes to robots to flowers to skulls. The pages are one sided on quality paper; I have been using gel pens and have experienced very slight bleed through due to the gel pens having a heavy flow. The designs are just the right amount of complicated....the pages are filled with the drawings but are not overwhelming. Overall, a fantastic purchase and I'm likely to buy another copy. A definite recommendation!

This coloring book is better than I thought it would be. The pictures are absolutely adorable and they vary from being very blank to super detailed. The mostly blank pictures are fun because they allow you do create your own patterns within the drawings. The very detailed drawings require colored pencils or ink pens because of the fine lines, but they're just as fun. The book consists of only single-paged drawings so you don't have to worry about the colors bleeding through the back of the page onto another drawing. I love this coloring book!

Such a cute coloring book! Good quality paper & pages are one sided so you dont ruin anything with marker that may seep through the pages.

If adult coloring means repeat the same pattern on the same page, then count me out.

Love

I love this coloring book!!! I've got so many "adult coloring books". I didn't like any of them (all the fine details too stressful for me) then I came across this coloring book. It can easily be for children and adults. The book is really cute and the pictures make smile.

Very nice book and not super detailed if you are looking for something a bit easier to color.
