Synopsis

The twelve projects in each colorful volume of the Let’s Create! series are designed to broaden both imagination and practical skills. Clear, step-by-step instructions are photographically illustrated but leave plenty of room for independent ideas. The originality of the projects and the materials they use will ignite creativity and bring results that are as useful as they are artistic. Clay is truly a hands-on craft material. Working with clay is sometimes messy--but always fun.

Book Information

Series: Let’s Create!

Library Binding: 32 pages

Publisher: Gareth Stevens Publishing (July 1, 2003)

Language: English

ISBN-10: 0836837460

ISBN-13: 978-0836837469

Product Dimensions: 9.7 x 0.3 x 12.2 inches

Shipping Weight: 15.5 ounces (View shipping rates and policies)

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

Reviewed with Paper.Gr. 1-3. The strength of the Let’s Create series of craft books lies in the numerous full-color photographs that accompany the step-by-step instructions. Each title’s 12 activities are collected around a theme: Clay covers simple sculpting methods and requires a special self-hardening clay; Paper gets creative with materials that kids and teachers are more likely to have on hand--though a few oddly specific items (a "small paper ball," a "multicolored paper garland") may necessitate improvisation. The emphasis here is on clarity rather than showy perfectionism, so children have a realistic chance of producing something resembling the photo, such as an attractive clay candleholder or a bouquet of pretty crepe-paper flowers. Boxed tips suggest variations that will prompt kids to think of additional ways to apply their newly learned techniques. These crafts may not be earth shattering, but they’re precisely presented and well within

a child’s reach. Jennifer MattsonCopyright Ã Â© American Library Association. All rights reserved
