Customer Reviews

The recipes are easy to follow and everything I've made is delicious! I HIGHLY recommend this book to fellow foodies, and gardeners faced with an abundance of fruit and veg.

There are recipes and instructions about how to ferment (pickle) just about everything from fruit to mushrooms (pickled mushrooms, yep!). Very impressive book. Easily takes the place of all the other books I have on the subject and adds a lot more too. Recommended!

Basic but good for library.

I'm new to pickling and this has been a great help to me. So many things that can be canned and preserved this way without having to have the expensive pressure canner.

If you like pickles you will like this book. I've done a couple recipes and they turned out great.

Wow, it has alot of inofmation about the different ways to make. Very good. Why not you should have ti for fun. Because it is step to step to help you in right way to do cook without any mistake or missing things.

A good book on pickling with lots of recipes and the basics of pickling.

Very informative regarding canning and preserving - I refer to it often
