Synopsis

My name is Kaidance Monroe, and I’m cursed with the gift of sight.I see death. Bloody, violent death. Before it even happens.I was taken in by a mysterious benefactor, who wants to use my abilities to vanquish his oldest enemy. But the dark secrets in my new home drove me away. I don’t know where I belong any more - with the fallen angel who has become my protector, or with the immortal deities that are determined for me to join their cause.All I know is I’m being hunted by an army of Zeus’s soldiers, tracked by monstrous beasts that want to eat me alive, and running from the one person I want to be with.But when I find the Golden Shears, and claim the power to vanquish gods, everything will change.

This book was amazing. Keeps getting better. Can’t wait for the next book. So much happens that is so good. Left with another cliffhanger.

I read both books in a day! Can’t wait for the next one to come out, this series is amazing! I am a huge mythology fan and loved reading about the characters and trying to figure out who was who!

This series has been able to keep me interested from beginning to end. I love mythology and the fact that it is based on the Fates is even better. I am so ready for the next book.

I love the illustration and the brilliant interpretation of Greek mythology brought full circle to modern day. This author has surely caught my attention and captivated my imagination.
