I rented this textbook for my Pre-Law Class. It is okay. It is a lot of reading!! The text does provide

diagrams and pixctures and does a good job of explaining the major landmark Supreme Court cases! Which is essential that every American should know about their RIGHTS!I highly recommend this! Our RIGHTS should not be violated by the local, state and or federal government! Know your rights!

Beat up a bit but no issues with getting an A in the class.

It’s in pretty terrible shape. The description said it was in good to excellent, but it’s missing pages and almost all of the text in the book is highlighted making it impossible for me highlight anything important. If I knew it was going to be in such shabby shape, I would’ve bitten the bullet and got a new one.

Excellent. I needed this book for class (taught by the author of this textbook, actually) and it was basically impossible to find under $150. Found this listing and immediately bought it. The book arrived on time and in amazing condition. Couldn’t be any happier given the situation.

The book smells like a sigar and is wrinkle up i wish i could switch

Book was in excellent condition

Great book!! that is perfect for my class!

What can I say, a well written school book.
