Synopsis

This newly expanded book on Louis Icart - one of France's most well known art deco artists - now includes a section on his oil paintings, as well as over 512 different etchings, painstakingly acquired and photographed. Particular attention has been given to the early years (1911-1924), when Icart was a relatively unknown artist and his edition sizes were small. With few exceptions, the book contains large, full color illustrations that give the reader a true representation of the full-size etchings. The authors clarify some of the existing confusion surrounding Icart's work, explaining the variations in his signature, the use of the "Windmill" seal and other seals, and the myriad copyright notations found on his artwork. The illustrations have been carefully measured and dated. This is a great addition to the Icart legacy.

Customer Reviews

Messrs. Holland, Catania, and Isen live in Pennsylvania, where each is a dealer of the works of Icart, as well as other artists.

I really liked the new edition but have found a great deal of his work was not included in the book. I haven't seen the previous editions so I am not sure if additional pieces were printed in those. Overall though it is a very attractive collection that I think any fan of his would enjoy.
