Customer Reviews

This is the perfect little book for me. I’m a hard, borderline extreme player. This is a great book for

when I’m in the mood for hard, but not too hard.It has three levels, all workable with a little brain power.

A friend of mine convinced me to try the hand worked puzzles - as opposed to computer created puzzles. Can’t say I’m all that impressed. They’re hard, but a lot of the difficulty is the usual difficulty - there’s more than one solution. I take the time to prove out several solutions when I hit these - every so often I realize I’ve made an error and I can quickly solve to one solution. This is pretty frequent, so far 2 out of 15. Still, the paper is nice, there’s room to write in possibilities, the book is an excellent size to carry about (perfect for doctor’s office, etc.). So, it’s nice, but I wouldn’t go out of my way to recommend it.

Great book!

My brilliant wife finds this one hard! And there are so many. Great few dollars spent.

My husband does a puzzle a day. At first glance he thought it looked too easy but he has found it challenging and satisfying.

Husband is a huge Sudoku lover and is really enjoying this book. A great gift for any occasion.

great size to have when traveling.
