Customer Reviews

Overall, it's a well thought out book with great tips and easy to follow directions.My reasons for baking treats at home: 4 years ago, my Wheaten Terrier almost died from a bad bag of dog food (during that massive recall of different brands), so I'm now all about holistic for my pets (and the people in my house too). I feel better giving them something from my kitchen, rather than a store bought item from who knows where that's been on the shelf for who knows how long. I have 3 dogs

that range from 14 years to 4 years, and sized from small to large. I downloaded this and bought a few cheap cookie cutters in the shape of hydrants, a dog house, and a dog.I've made 2 recipes from the book - the peanut butter banana biscuits and the cranberry turkey ones. I used water and not broth for the recipes and regular whole wheat flour, and the author is right - it's tougher to work with. Easy to find buttermilk powder at the store and I like how the recipes use ingredients that you'd normally have on hand. The tip to prick the top of the biscuit is important. It's also cheaper to make your own treats.The PB banana ones were a success, I baked a 'soft batch' and then a harder one since I wanted to experiment. Rolled out in different sizes too.Then I tried the turkey/cranberry ones. I substituted chicken for the turkey. The dogs went insane for them. I've made them again, they bounce around by the oven waiting for them to cool. So, I'll be baking a batch every week. They get their treats, and I feel good about them - it's a win-win for everyone.

No point in getting this doggie recipe book unless you are able to find "soft" whole wheat flour as the author states that the recipes are no good unless you use thatI have been to4 natural food stores, many grocery stores with the health food sections in them and this is nowhere to be found.I would check to see if you can find this before wasting your time with this book.

ok

OMG! We have had lots of books to choose from for treats. This one was outstanding. I have three chihuahuas. All of them loved these treats. Seriously, this is a must try and I recommend to anyone. I am making these to add to the Christmas packs of homemade jellies, jams, pickles and cookies for families with dogs. More please!

Then this is the book for you she made so many good recipes I've not tried all of the out yet but the ones I did try my dogs loved emecily. Thanks to the author for sharing her doggy cookie recipies and secret in ingredients

I'm having a blast baking for my dogs! At least I know what is going into the treats. And they LOVE them!

Love this book! I love my wee man (dog) and making him treats is one way of showing my love. This book is full of easy recipes and the secret ingredients are fab.

Having just got a new puppy thought I could feed him a better diet, but books appear to have a lot of filler in what should be a meat diet for a dog.
