This is an amazing series that has great broadway songs of all generations. I absolutely love having the CD with it totally work the extra 10 or so dollars. The CDs give me the option of practicing the song multiple multiple times without having to pay for an accompanist or voice teacher at the moment. So I will be prepared for my voice teacher. I'm a fifteen year old boy with a counter tenor voice. There are a great amount of songs that have great ranges for me and lower tenors. Its amazing. I will soon begging my parents for the second volume. I plan to get all the volumes in order to create a great audition book. :) The only downer part of this is that my version of the CD's were a bit scratched and had a sticky material on it so i had to constantly wash and clean CD #2. Otherwise the book is an amazing thing for all Musical Theatre performers to have. Even college and older :D~Chris*

All of the Hal-Leonard musical theatre anthologies have always been excellent. The amount of songs includes from various styles and periods of musical theatre means this collection will be suitable for most tenors at the appropriate voice level. The acompaniment CD is excellent and a good source to practice with. Some tempos of course, may vary slightly from their original speeds in cast productions.

Love all these anthologies. Arrived exactly as described

Arrived exactly as described. The book contains many famous show hits for the tenor voice. The font is large enough so there's no need to squint, and it is a must have for any serious singer of this repertoire.

Very good selection of music! Great for a good variety of musicals!

Not exactly 'good as new' but the worn pages aren't that bad. It's been very helpful for my auditions. Thanks!

THIS IS A GREAT BOOK

The CDs include piano accompaniments. The book features authentic editions of each song in the original keys (which sometimes they are written in a hideous key).
