I think that this book is extremely useful for learning the French language. It provides an introduction to the concept, then a variety of repetitive activities which solidify your understanding of the concept. It is a fairly lightweight book, especially when compared to other college textbooks. I don’t mind carrying it around. It’s softcover so it is easy to flip through as well. I ordered new from and it came with no damage. There were no issues as always.

It’s decent, as far as texts go, though the verb charts leave a little to be desired. It’s a very manageable size, which is great.My main problem is that after 1 month of use the book is falling apart. The pages are separating from the binding in several places, and several of my classmates are having the same trouble.

Very useful French language review..Beginswith basics and proceeds to comples constructions.Quizzes with solutions in an appendix.

Excellent book for studying French at any level

Got what I was promised, but it took almost two weeks to ship.

It was brand new!!!! I could not believe it! I loved it! It was much more than I expected.

just as advertised

the book is grand new, everything being ok except for the price. if i buy in bookstore it will cost $10 less. but anyway that’s the cost for being lazy and getting the book in 1 day~
