Ended up dropping the class. CLEAN book. No writing. Excellent condition!

This workbook is great. All the answers are in the back, and when pair with the textbook, you can really re-learn what you know for each grammatical point.

Excellent . The repetitive exercises helped me learn the material.

The only thing you will find in this workbook is practice. There are no weird assignments or pictures, just grammar and vocabulary questions. If you’re looking for "culture" assignments this is the wrong book for you.

It was brand new and arrived in impeccable condition.

This is a spectacular workbook. The text book it goes with is very clear when explaining French grammar, and this book is really helpful in giving one practice.

This book was brand new and cost less at atmazon than other online sites. If u r learning french this is a great book and i would advise anyone to purchase the book that goes with the work book
