Customer Reviews

Great guide! It would have been nice if it was zoomed out a bit more. I like the tips on the side and popular sites. No one included so others know. It looks like there’s one included but there isn’t.

This map is great because the entire city folds out. This mean the map had less detail than others that Zoom in and leave you with 3-4 views of the city trying to figure out how they fit together.

great
