Synopsis

Breastfeeding and Human Lactation, Enhanced Fifth Edition continues as the leading reference for the latest clinical techniques and research findings that direct evidence-based clinical practice for lactation consultants and specialists. Thoroughly updated and revised with current research, references, and photos, it contains a clear clinical focus with more than 2,000 research studies supporting the clinical recommendations found in the text. Topics include placing breastfeeding in its historical context, workplace-related issues, anatomical and biological imperatives of lactation, the prenatal and perinatal periods and concerns during the postpartum period, the motherÃ¢â ¬â„¢s health, and sociocultural issues. With contributions from the foremost experts in the field, Breastfeeding and Human Lactation, Enhanced Fifth Edition is also an excellent resource to prepare for certification and practice as an International Board Certified Lactation Consultant (IBCLC). Each new print copy includes Navigate 2 Preferred Access that unlocks a comprehensive and interactive eBook and Navigate 2 TestPrep.

Customer Reviews

Great price and great information.

It is a book very complete and with more information than others editions, and have a ebook for practice

I received it before it was expected. I have used previous editions for study and it is an inclusive

resource.

Perfect accompaniment for my Lactation course.

Well written, easy to find information that I need quickly

Good for studying to be a lactation consultant.

Very good and informative book.
