Splendid! This story is quite engaging. In addition to being entertaining, it’s a great resource for initiating conversation with children who are about to become older siblings. Hearing loss, and some of the frustrations and emotions that go along with it, is another major theme in this book. If the story itself, isn’t enough, the author provides several tips and other information in the back of the book.

My mom, a speech pathology teacher, recommended this book tome. I thought it was very well written and offered a lot of insightinto what it must be like having someone you love be hearing impaired. I would recommed this book and feel it could be used effectively in a classroom setting.

I work with a child who is 2 years old and was born deaf. He has had hearing aids implanted and now wears them so that he can hear, but as a 2 year old they are constantly falling off and the children around him don’t understand what the purpose of these things are. I think that this is a great book to read to the children to give them an idea of what their friend is experiencing and how

they may be able to help him.

A terrific children’s book that will satisfy adults too. The story of a dog who feels dislocated by the arrival of a new child in the family and then discovers that the child is hearing impaired, only to become the child’s guardian angel and the "best big sister in the world". The author’s wry style and the sensitive treatment of the issues of both sibling rivalry and disability are impressive. A great way to read something meaningful to your kids.

I am a 3rd grade teacher. I used this book in my class to introduce the topic of deafness and how helpful pets can be. This is a touching story that is both informative and funny. I loved it and so did the kids!

My aunt Gloria wrote this book about my cousin Elana. It’s a true story, down to the name of the dog, Lacey. It was was very cute and funny. I hope everyone out there can read it and enjoy it, even if it doesn’t relate to them personally. :)

Well written and beautifully illustrated children’s book. My children and I both enjoy this sweet story!
