Customer Reviews

I was very disappointed in how much writing (from previous owner) was in the book. I feel I paid too much for something that should have been tossed in the garbage. I wish I would have been given a more accurate description of the "used" book. I knew it was used but the description was a bit misleading.

The used book that I bought should be in the trash instead of being sold to a loyal customer. The book is outrageously used and abused.

It was simple and easy to understand. Spiral bound is a bit flimsy though I’m not sure i would recommend spiral bound
