Synopsis

The epic story of witches, gods, and monsters that USA Today called a "must read" continues in the third book of the Elementals series!When Nicole Cassidy moved to a new town, she discovered that she was a witch descended from gods. But that was nothing compared to learning that it was up to her and four others with mysterious elemental powers to help save the world from the Titans, who would soon return to Earth.Now her relationship with Blake -- the fire Elemental -- is finally heating up. But she must remain focused, because Typhon, one of the deadliest creatures in history, has escaped from the weakening prison world. Only one object can destroy him -- the head of Medusa herself.Follow the Elementals as they journey to the end of the Earth, facing choices that will put their lives and the entire world at risk. Will they all survive the mission? Find out in the riveting third book in the Elementals series, The Head of Medusa."There’s action, adventure, mythology, and a backstabbing twist that will leave you begging for more! Every YA lover should pick up this series."-Rachel, Goodreads Reviewer, Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |"Full of action, adventures, magic, Greek Gods, demigods, witches and monsters - you don’t want to miss out in this wonderful world!"-Sairaika Naidoo, Goodreads Reviewer,
Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |Ã¢Ëœâ |A thrilling fantasy adventure in a contemporary setting with Greek mythology and sweet romance, Elementals will keep you on the edge of your seat wanting more!

Customer Reviews

Head of Medusa by Michelle MadowBook #3: Elementals SeriesSource: Publisher/AuthorMy Rating: 5/5 starsMy Review:IÃƒÂ¢Ã â ¬Ã â„¢ve been a fan of this series from the very beginning and IÃƒÂ¢Ã â ¬Ã â„¢ve been waiting for that one book that just fired me up and allowed me reach the coveted 5-star review. Head of Medusa did just that!!!The book opens with a confident group of kids fresh off their last ultimately successful fight. Their powers are evolving, their control is getting better every day, and their confidence is at an all-time high. Unfortunately, they have yet to close the portal to hell and know their next mission is likely right around the corner. Indeed, it is and the next mission isnÃƒÂ¢Ã â ¬Ã â„¢t going to be easy. In fact, this new mission is arguably even more dangerous than their last and they lost a team member during that battle.Their current challenge has the team travelling to Antarctica where they must retrieve a mythical sword with the ability to kill even the un-killable. As if the challenge of Antarctica werenÃƒÂ¢Ã â ¬Ã â„¢t enough, the sword is encased in ice and guarded by a minor goddess who takes her job quite seriously. In fact, if the team fails to take the sword after three attempts, they ate bound to the site for seven years of labor. Once the team retrieves the sword, the fun really begins as they travel to California to either enlist MedusaÃƒÂ¢Ã â ¬Ã â„¢s help or take her head by force. With that being accomplished, the team must then stop Typhon, one of the scariest and deadliest of the big bads to have ever roamed the Earth. If Typhon is allowed to regain his full strength and power, the worldÃƒÂ¢Ã â ¬Ã â„¢s population is in danger. So, no pressure ÃƒÂ Ã Â•Ã Å From the moment they portal into Antarctica to the very last page, the team is set upon from every side. Nothing goes according to plan, they piss off nearly everyone they encounter, and to add insult to injury someone from within is working against them. Loyalties are tested just as aggressively as their skills and when all is said and done nothing is going to be as the team thought it would be. In fact, by the bitter end, the team is going to but a shadow of what they once were.The Bottom Line: From start to finish this book pushed the pace and really upped the level of the overall series. Though I would like to see a bit more evolution in the characters on a personal level, the group has shown significant evolution, as has the overall plot. As the team gets stronger, their tasks and challenges are also getting significantly more

difficult. There is very little down time in this read which makes it a very quick and entertaining read. If you were at all questioning the overall awesomeness of this series, The Head of Medusa will lay all those questions to rest and renew your interest in the Elementals.

The exciting quest continues for the Elementals as they work together to prevent evil from destroying their world. Greek mythology is an integral part of the plot line and one of my favorite aspects of these books. The Golden Sword of Athena and the Head of Medusa are two items that must be acquired. Time grows short and all feel the urgency of the quest. This book is more intense and stirs several emotions. The romance between Blake and Nicole is stressed more heavily in this book, which is sweet but secondary to the plot, in my opinion. I read this book very rapidly and was eager to see what would happen in the next volume

I'm really enjoying this series. I've always loved the tales of the Greek gods and this series puts an interesting spin on the stories while still staying true to the original tales.

The first two books in this series I purchased on audible they are some of the best books to keep my interest since Twilight (which I have repeatedly read) the third is just as interesting as the first two, this is not the first book I was unable to put down but it is the first that even sleep could pull me from if you enjoy magic, monsters, mystery, and fun then I highly recommend not just this book but the entire series.

Good series and a fast read. I have read the first 4 books in 1 week.

The story keeps getting better. Good author . Carrying on the storyline in a really interesting way. Keeps your interest. Puts in a few surprises to keep you guessing. Diffently recommend.

I loved this long awaited third installment of this series. Got hooked on this story after receiving a free copy of the first book.If you love myths and magic this is the series for you.

Such a mix of old lore and new stories! Love the refresher course! That ending, though... sheesh! *sprints to purchase #4*
