Synopsis

Umbria stands out as one of ItalyÃ¢â ¬â„¢s most enchanting and desirable destinations, a region resonant with history. This guidebook, written by insiders who know the region intimately, hits all the high points for visitors: the magnificent architecture of the capital, Perugia; splendid Gubbio, rich with medieval and renaissance landmarks; and Terni, a modern industrial city that features some of the countryÃ¢â ¬â„¢s most beautiful churches. The book also includes natural wonders, including the Waterfall of Marmore, and the significant Christian destination Assisi, birthplace of Saint Francis.

Book Information

Series: Authentic Italy

Paperback: 192 pages

Publisher: Touring Club of Italy (October 28, 2007)

Customer Reviews

The copy I have has the same ISBN number as the one shown here, but the numbers specifying what is included in the guide listed on the cover are different. This guide has plenty of information but one thing that is very frustrating is that it doesn't tell you where certain things mentioned in the text are located. The larger scale maps of Umbria are rather weak . An example of missing information pertains to the section "medieval umbria." A number of places are mentioned in that section but there is no information as to their location.
