Enrico Massetti was born in Milano. Now he lives in Washington DC, USA, but he regularly visit his hometown, and enjoys going around all the places near his home town that can be reached by public transportation. Enrico can be reached at enricomassetti@msn.com.

This is an 86 page "book", and if it were not for the over-sized font, it would be about a 30 page "book". It s nothing more than a few paragraphs on each of the largest 8 cities in Umbria. It is not as represented, because there is nothing in it about weeklong trips. There is nothing about the national parks, the roads, the time to spend in each place, or the best routes for sightseeing. Most of the reminder of the pages are taken by poor quality black and white photos, and places to eat. The book is of no assistance to me. I do not recommend it. And, shame on for adding the "weeklong

trips to Umbria" to the title of this book! The title is really "umbria", nothing more. The descrip[ion is incorrect and misleading.

I like this I used it several days, no problem. A great product with high quality. best product like this I have found So far so good. really well made and easy to put together I am very pleased with my purchase.
