Synopsis

The modern mammal metropolis of Zootopia is a city like no otherÃ¢â ¬â •a place where no matter what you are, from the biggest elephant to the smallest shrew, you can be anything. Fans of Disney animation will love this comic book re-telling of the movie, featuring optimistic Officer Judy Hopps and the fast-talking scam-artist fox, Nick Wilde.

Its Ok I guessnot that the printing is not that great. Some scenes are hard to make outand there are some scenes missingthe big scene where Nick and Judy make up and get back on the case is missingwhich in my opinion is one of the most important scenes of the film. Some of the scenes are also repeated, which suggest laziness, but I’d be lying if i didn’t say this wasn’t helpful. Buy it at your own will

I wish it would have had the APOLOGY scene but it is a good rendering of the movie

As other reviewers have said there are some quality issues with this comic book, everything they've said is true and I have to agree with what they've said. My personal biggest gripes are with the generally rather "fuzzy" and blurry pictures and with "missing" frames where portions of scenes (or in some notable cases, whole scenes) are missing or explained away using single bits of text. The only really redeeming feature of the book is that it is otherwise faithful to the story of the film, and is nice for re-living the film while waiting for the BD/DVD release in a couple months.

The paper quality is rather nice, gives me the feel of when I read a newspaper. The image quality is fair considering the paper. neat.

My family loves this book. We look at it all the time

My 8 year old daughter has not put this book down since we got it yesterday. The images probably aren't as great as in traditional comic books, but this book certainly is entertaining to my daughter. I'll be buying other cinestory books for her.

excellent

daughter loved this Comic book
