This annotated bibliography surveys the scholarly literature concerning the American seminaries of 13 Christian denominations, as well as Jewish and independent Christian ones. An introductory section focuses on the relationship between these institutions and the state. In the text, disparate coverage ranges from five citations for Nazarenes to 417 for Episcopalians. This work concludes the editors' trilogy on religious education, following Religious Schools in America (1986) and Religious Colleges and Universities in America (1988). Useful for libraries with large subject collections.- Richard S. Watts, San Bernardino Cty. Lib., Cal.Copyright 1989 Reed Business Information, Inc.
