## Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

I thought it would have been bigger since I was looking up posters and it certainly is no poster. It’s my fault since I didn’t really look into the size if there was any listed. The map is neat though and the fish on the back have helped my kids better understand what they will get to see when we go snorkeling.

This is a nice little map of the Virgin Islands, using it to plan a future trip.

This is pretty small. Would have liked a larger version so you could see the fish better. Wish I’d paid mor attention to the size.

Map points out good snorkeling and dive spots. The names of all the fish is really helpful when trying to identify fish. It’s laminated so you can take it with you when you snorkel

A nice souvenir if you forgot to buy one while you were there. Plus it’s nice to know the names of the things you saw while snorkeling/scuba diving
