I must when traveling Europe!

I am a long, long-time fan of the Let's Go! series, and this edition does not disappoint.

This book spends too much time on where you should stay and not enough time is spent on what there is to see and do. Geneva sounds really boring in the book but the reality is very different. The maps of Switzerland don't even have much detail so it can be difficult to tell where things are. Check out the Swiss tourism site for some great information
