Customer Reviews

I really enjoyed this story. I love reading these war time themed stories. Lots of hard times but strong families surviving the best they can.

I really enjoyed this family saga. I was very intrigued and could not put the book down. I bought the sequel and am currently reading it and enjoying it very much.

Once again a very interesting read from Pam I found it very easy to get to know each of the characters

I enjoyed reading it!!!! Did not want to stop reading it.

winters day read, ok.

loved it

Well I wasn’t expecting that.I love this book so much, I really can’t wait for the next one to carry on from this one.It didn’t finish as a cliff hanger as such, but, almost certainly kept you gasping for more.You get some people that seem to sail through life. Then you get others that get all the knock downs life throws at them. How many times can Dora get up from being knocked down.I found this an emotional read on two levels.My first level was when Dora and her husband went through a tragedy of event concerning their babies.The depression and psychosis that Dora goes through is tragic. But she mends.Only for other things to happen.I so felt for Dora. I could understand her mental state, her anguish and her way of thinking and her unhealthy mind turning and twisting things.Very scary for her husband and a lonely road for him to go down. I’ve been there. Bringing up kids with the aide of his mother-in-law.It’s real people within these pages. They are tangible. I can feel them.So many tears were shed whilst reading this I got a blocked nose! Red eyes.Just where is Dora and her hubby going to end up?What about Frank her brother. Oh my dayz I’m so into this family unit I feel a part of it.My thanks to the author for such a fantastic read. I’m waiting on the next instalment. I won’t forget what this is about ever.Thank you to Bookoutour for my early copy.

This is first book in a trilogy and to say I loved it would be an understatement. It was just fantastic. I love this type of family saga book and from the first page knew this was going to be a good one. The author has a brilliant way of describing life in the mid 1940’ to early 50’. Her description of all the characters are excellent and you can almost imagine being in the era. I am so looking forward to the next book in the trilogy. A well deserved five stars from me.I received an ARC from the publisher Bookouture and my review is entirely based on my own honest opinion.
