Customer Reviews

McDougal Littell Geometry Concepts and Skills Notetaking Guide (View detail page) ASIN: 0618410635

This book worked perfectly for homeschooling my teen!

Elementary questions but easy organization and instruction. Would not recommend for advanced students.

It is a very good reference. In Texas, I had to find another book to keep up with Texas TEKS. I use two books to "try and get it all."

There is no answers to the questions !

CAME IN FAST TIME. WAS WHAT THE TEACHER ORDERED AND MY SON IS DOING REALLY GOOD IN GEOMETRY. HE USUSALLY STRUGGLES IN MATH. WHEN HE’S DOING HIS HOMEWORK AND IS HAVING A HARD TIME AND I CAN’T HELP HIM, HE USES THE STEPS

GUID IN THIS WORKBOOK AND IT HAS NEARLY ALWAYS HELPED HIM OUT.

great condition

Excelent

satisfied.
