Customer Reviews

1971 Hardcover. No dust jacket. Minimal wear, inscription on front endpaper, otherwise nice clean readable copy.

This is one of the best books on Austria and I picked it up years ago at a Mary Martin remainder bookshop. No official or Lonely Planet guidebook comes near it for the history of Austria and the tales are charmingly told. The book contains a map showing the major roads, it’s illustrated, and there is a chapter for each province - all in all 248 pages in my Faber edition. I used it extensively when I lived in Austria in 1976 and found it an absolute joy to read and have since re-read it several times. It contains hidden gems that the tourist is never shown or told about, and many things my Austrian spouse didn’t know about. It’s a pity a Kindle edition is not available as I would like to take it on my next trip in that format. It should be the only guidebook to take with you and read a little, the night before sightseeing.
