Customer Reviews

marco polo travel publishing offers a wide range of highquality cartographic products and guides.

Was a little disappointed. I chose this Iceland guide over 2 others because this one said it had a phrase book section, and it does not. The rest of the book is good information, well organized and helpful. The description really should be changed to accurately reflect the item’s content. Thanks!

Love this! It was extremely helpful throughout our travels in Iceland

short, concise, excellent comments. Easy to find things. Good pictures. small. I used this more than a bigger and fatter guide. It was always right on the money about things.

OK book but lonely planet and Brandt bot better options. Map is handy though. This is a good supplement book -- not enough on its own.
