Loved the story and the author’s writing style. Couldn’t wait for more so I purchased [Raw Justice] and want more Jennifer Lane - please?! Fatal Distraction is also on my Kindle to read list!" "I have been a Reacher fan for years and was excited when I heard of Diane Capri’s take on ’Finding Reacher’. ’Don’t Know Jack’ is a good companion to Child’s Reacher books and recaptures the flavor of the Reacher mystique. I am waiting anxiously for the next book in the series and the next and the next, and so on.""All Child

Customer Reviews

Diane Capri is a decent writer. OK, got that out of the way. So, what’s my problem? First, I am an avid Jack Reacher fan. Second, I am an avid Lee Child fan. Here’s my issue. Jack Reacher does not show up in the books. He sort of does, but not really. His name comes up many times and some vague form of a person lurks about here and there. You are led to believe it might be Reacher. My point is, if Reacher was really there, there would be no doubt about his presence. He does not lurk, he is ’a metaphor of an unstoppable force’. Take that away and the books are ok. I am having an issue with my problem, as you can tell.Read the books knowing you were drawn in by the use of the name Jack Reacher and decide for yourself if they are worth reading. If you buy them thinking it is more than a continuation of the story that occurred with the death of Jack Reacher’s brother, you

will be disappointed.Buy them on the basis of 2 FBI agents working under the radar for a mysterious supervisor, then enjoy, don’t let my problem be yours.

Kim Otto and Gaspar make a great team as they chase a ghost called Jack Reacher. The writing is clear, the pacing is perfect, and the story is compelling. The byplay between Otto and Gaspar is a highlight.

This is probably the best book I have read in some time. The plot is tight and fast paced, the characters are very well developed, and have a fun interaction, which is very entertaining. This is a must read.

This set of stories involving Jack Reacher kept me glued to my kindle, wondering what was going to happen. Although Reacher is a character many of us are familiar with, I found myself intrigued and wanting to learn more about the agents’ lives specifically why one was shot and wounded to the point that he now suffers pain and has a limp. Truly a great set stories. Can’t wait for the next one.

great read. read most of jack reacher. fascinating person. loyal but compassionate. find him with intriguing p-ersonality. book well written. focused on person who is hunted and people who hunt.

A great read, done with Lee Child’s approval and a very brief commentary after, Fast moving, great characters who you want to cheer for as they work to figure out a questionable case from "shady" superiors..

I gave up at 53 percent complete. I bought this thinking that maybe Lee Child approved, and that this was a Jack Reached side journey. It’s not and it’s a boring, confusing and silly attempt of a novel. Just not worth the time. Sorry.

Highly recommend for those looking a fast paced mystery that is hard to put down. Interesting as well as informative and entertaining. Great story and believable characters.
