Customer Reviews

Great sizzling read for this rainy weeks read. Diverse couples and complicated situations leading to a sweetheArt o solutions. Pleasure to read this selection of stories.

Good escape read.

The stories were good but same kind stories in every book. Loved the characters. Loved the characters and the endings.

I chose this rating because the book kept me interested all the way the thrpugh to the end and still wanting more.

Enjoy the book.

This was a good collection of stories. Most were well developed, and had interesting characters. They all could have used a good proof reader because they were riddled with errors.

The stories were pretty good. Simple with a lot of sex if that's what you're looking for. The ones toward the end seemed to have more substance. They need to do some editing as there were a lot of typos.

Unfortunately no one story in this bundle held my interest. These stories were mediocre at best. Only read the first couple of pages to determine whether any interest. The only author of story with potential was the bonus book Dude written by Zoe Tyler.
