Synopsis

Brad Thor, master of suspense and New York Times bestselling author of The First Commandment, returns with his highest-voltage thriller to date. In a pulse-pounding, adrenaline-charged tour de force, Navy SEAL turned covert Homeland Security operative Scot Harvath must race to locate an ancient secret that has the power to stop militant Islam dead in its tracks. June 632 A.D.: Deep within the Uranah Valley of Mount Arafat in Mecca, the Prophet Mohammed shares with his closest companions a final and startling revelation. Within days, he is assassinated. September 1789: U.S. Minister to France Thomas Jefferson, who is charged with forging a truce with the violent Muslim pirates of the Barbary Coast, makes a shocking discovery - one that could forever impact the world's relationship with Islam. Present day: When a car bomb explodes outside a Parisian cafÃƒÂ©, Scot Harvath is thrust back into the life he has tried so desperately to leave behind. Saving the intended victim of the attack, Harvath becomes party to an amazing and perilous race to uncover a secret so powerful that militant Islam could be defeated once and for all without firing another shot, dropping another bomb, or launching another covert action. But as desperate as the American government is to have the information brought to light, there are powerful forces aligned against it - men who are just as determined that Mohammed's mysterious final revelation continue to remain hidden forever. What Jason Bourne was to the Cold War, Scot Harvath is to the War on Terror. Brad Thor has created "the perfect all-American hero for the post September 11 world" (Nelson DeMille) and will keep readers glued to the pages as he once again takes them across the globe on a heart-pounding chase where the stakes are higher than they have ever been before.

Customer Reviews

I’m hooked! That’s all I can say about Scot Harvath and his adventures. I read a lot...but my escape reading is Brad Thor. I love how much research Thor does to makes his characters...and their situations, locations, tools, weapons...truly authentic. I’ve missed the good television dramas like "24" because I missed the first few seasons and have no time to "catch up." But with Brad Thor, I’ve been able to have my line up of books on my Kindle so I just flow from one to the next. Love it! Keep it coming, Brad!!

It might be me, but the conclusion of the book ended rather hastily as if Brad had to meet a deadline and rushed the ending. I enjoyed the Thomas Jefferson history woven into the thriller, but thought Brad Thor would have developed a more detailed confrontation between Dodd and Harvath.

I learned something about Thomas Jefferson that I didn’t know before. Jefferson was afraid of what would happen if Islam got a good hold and what might happen in this country if it did.I even checked some of the facts as presented in the book and they were right. The storyline warns us about the hardliners of Islam and how they can insinuate themselves into our culture. Interesting how religious history would have changed if the events in this book had panned out.

Brad Thor continues to educate on relevant subjects while creating his fast action style of fiction. Book 7 continues his string of well thought out story lines and fictional characters to support his themes.

Nice fast-paced story with plenty of historical notes related to Thomas Jefferson and the Barbary Pirates. Exciting as usual with our hero Scot.

Good read but a little drawn out for my liking. Lots of suspense and action with great plots and

intrigue.

Once again his writing is entertaining and riveting. And it is well worth reading each in order. Good reads all.

What makes this book so good is the ring of truth coming through the cloud of fiction. It will probably never make the top ten for the left side of the aisle, or for the PC functionaries. The plot is excellently developed and artfully presented. The characters are "REAL" and can be related to. The bits of dark humor sprinkled about give credence to the characters. People who work around death and hurt develop a decidedly warped sense of humor. It is a defense mechanism to stave off the horrors of the day. Brad Thor uses this with the precision of a scalpel. This is an author I would love to sit down with over a cold beer, and interrogate. :-)
