Synopsis

A renowned psychic and spiritual healer with clients all over the world, Mary T. Browne had her first clairvoyant experience at the age of seven. For more than thirty years since then, her visions of the other side and her communication with her teachers, both in spirit and on the earth plane, have helped to form not just her understanding of death, but her philosophy of life.In this fascinating, inspiring book, Mary T. puts our lives into a much broader context than most of us have ever imagined. LIFE AFTER DEATH describes in detail exactly where we go when we die. Mary T.'s psychic connection to the spirit world and her ability to receive messages from those who have made the transition will inspire us to see death not as an ending, but as a new beginning.Mary T. shows us that the spirit world is a place of harmony. It is a realm of beauty, light, art, music, literature, and friendship. We do love beyond the grave, and we will be reunited with our loved ones in the spirit world. The touching stories of those reunions will help ease the fear of leaving the physical world. Mary T. takes the mystery out of death, and leaves us with clear examples of the miraculous journey that lies ahead of us.

I truly enjoyed reading this book. It gave me a lot of comfort knowing that my loved ones who have passed on are still alive and well in the spirit world and that I too will have this wonderful place to look forward to when my turn comes to move into world of spirit. I would recommend this book to anyone.

a must read if you have lost anyone

This is a quick, easy read of a provocative and timely topic, considering that baby boomers are aging rapidly. It is unfortunate, however, that the reader does not get to know much about the author or her alleged psychic gift. This has the effect of creating somewhat of a credibility gap between the reader and the author, making what the author has to say not particularly believable. Perhaps, if the author had given more information about herself and her gift, the accounts that she gives would ring more true. This would have made the book more effective. As it stands, the book, although somewhat thought provoking at times, lacks depth, and fails to fully capture the reader.

I saw this book advertised as well as having it suggested for reading by a friend.After reading the synopsis I was anxious to order it and so went to "used'book section and did so. The book was delivered in very good time, in very goodcondition as described and certainly worth the wait of just the few days it tookto get here. So far this site is awesome to do business with. Thank you!Marjie

I loved everything about this book. It put a lot of things into perspective for me. i hope and wish to meet Mary T. Browne someday.

Excellent book

Very interesting, though from a psychic's perspective. Though I don;t NOT believe in psychic abilities, I like to hear more from NDE experiencers.

This book provided a lot of insight in what it might be in the spirit world after we die - look forward to similar readings.
