Customer Reviews

These stories were.. interesting, to say the least. They are all about husbands and wife's trying to spice up their sex life. Not bad for shameless smutty goodness. I exclusively volunteered to review an advanced copy of this book.

*** I Received This Exclusive ARC Copy In Exchange For An Honest Review ***This is definitely not for the faint of heart! This is Erotica at its best! This book has 10 short but well written stories. Be Advised that this book is not for everyone! It is not your Grandmas romance. It is Erotica.

I received this book for a honest review. First time reading this author. These are short dirty stories. Did enjoy Bella's story. Wonder how much trouble Bella and Gina got into on their trip to Brazil... However, lots of editing issues. These stories may not be for everyone.

What can I say, this book is all about sex. The couple wanted to ramp up their sex life as the husband was a little on the small side. To find out which journey they took to happiness 1 click this book. This was an exclusive arc.

I was kinda disappointed because I'm not a big fan of a bunch of short stories. Especially when they are not even close to realistic. I will say the sex scenes were hot.I received an ARC in exchange for a honest review.

fun dirty short stories that can give you ideas on what to do tonight. I would like to say this book may not be for readers who are offended by some situations but providing you have an open mind this book is fun.

Wow! Just wow! This book is not for prudes, total erotica. 10 short reads that will melt your Kindle. I was provided a complimentary copy of this book so I could give an honest review.
