Customer Reviews

"This is an essential read for anyone in our profession, and lucky for us Fasick has an inviting, smooth writing style. I enjoyed reading this as much as I do narrative nonfictionÃ¢â ¬â ¢she is clear, to the point, and offers great examples of what she is discussing. Whether you are a youth services librarian who started before we had computers, to those 'digital natives' who are newer librarians, this will have something for you. It is wonderful that Fasick is so positive and optimisticÃ¢â ¬â ¢it is clear the 'death' of the library is just not true, especially if we are able to lead our communities which are already embracing technological innovations." - BayViews

Adele M. Fasick is professor emerita of the faculty of information studies at University of Toronto, Ontario, Canada, and teaches at San JosÃƒÂ© State University, CA.
