Synopsis

Often considered to be a secret society, the Rosicrucian Order is one of the most enigmatic of the initiatory movements. Recounting the mysteries of its origins, this book first attempts to place Rosicrucianism in its historical context by recalling the origins of Western esotericism and presenting the numerous currents to which the Rose-Cross has given birth. It then focuses on the major Rosicrucian organization of our time: the Ancient and Mystical Order Rosae Crucis. Beyond its historical aspects, this work, which features a wealth of illustrations, invites us to discover the ways in which Rosicrucians of past and present have tried, through a mysterious Primordial Tradition, to rediscover the vital thread connecting them to the Divine. This volume also allows us to learn about the OrderÃ¢â ¬â„¢s philosophy and thus have a sense of the Rosicrucian search for spirituality and humanism.

Customer Reviews

This book should be a must read for all humanity. It gives enough information for everyone to make

an informed decision regarding the path they are taking and where to turn at the crossroads.

I chose the five stars because of the detailed research that was obviously done in preparing this book. I also did it due to the width and depth of the coverage. This is an outstanding book well worth the time to spend researching in this tome.

The best history book on western esotericism I've ever had the pleasure to read! I wish that it was standard reading in every history class in school! LoL. History class may never be so dull or boring again!

Please do not stop offering this.

Give the history of the esoteric world that has influenced its teachings up to the present day. This is a history book not instructions on lessons and the like.
