Customer Reviews

Just returned from Loire (2/00) and found the book very useful in picking what places to go while on limited time budget but I can see where the book would be really handy for those with more time. Very useful general historical and architectural background info. Only drawback is that there's no info on hotels/restaurants. I think you need their red series for that.

The book was very informative as to the regions, including excellent recommendations on food and accommodations.
