Being a PR & Communication Professional, with Offices in Monte-Carlo and Moscow, we help Business Authors, nonprofit organizations to get in touch with all type of Celebrities and public Figures. The Celebrity Black Book is a Business Assistant you can count on for Brand Endorsement, invitations to Fashion Shows, Hotel Openings, Cocktails or any other Project.Once, we had a very special project, were we wanted to contact Mikhail Gorbachev, and guess what? Bang! His address was there, too! And magic has proven effective, ever since, with many other Projects and Celebrities to contact. This is why I think it is a Valuable Resource, that has saved us a lot of time!I would recommend the book to Fashion Blogger, Luxury brands, PR, Event Organizer, Sponsorship manager and anybody else that deals with Celebrities. It really helps you turn wasted hours into productive ones. For me, it is the #1 resource for Celebrity Contact Information worldwide.

Very good reference material, seems to be quite thorough.

Awesome book! I order a new edition every 2 years. I'm always extremely satisfied. It is definitely worth the money I spend for it!

I have used the Celebrity Black book for years. I am the mother of a disabled child and need to raise money for medical treatment twice a year. Since my son has multiple disabilities we do all of his therapy at home and he is completely home schooled. So I don't have a lot of time. I find the Celebrity Black Book pays for itself. I use it after my son goes to bed and find it helpful to highlight through names as I send letters to people. That way I don't duplicate my efforts. I can also bring the book and my laptop as we travel to work on my son's fundraisers on the road or while waiting on doctor's appointments. The only problem I have had with the book is once in a while you will get an address for someone who has passed on. So I always check with wikipedia if I am not sure, rather to send a letter. Good luck to others raising money for all the good causes out there.

This book chiefly gives out agents' addresses for almost all celebrities. It is not a good reference book for autograph collectors or the curious. What this book is is an expensive, thick reference containing addresses for all the talent and publicity firms in Los Angeles and New York! Use Google

or your library!

Google does exist and the address in this book are mostly c/o to agents and the like. And unless you have some mighty strange stalking expedition planned, who would need more than a handful of these addresses for any marketing campaign or request for endorsement? Use it at the library, or just do a search online.

This book purports to have my address in it, and it’s years out of date. Can’t imagine why anyone would pay money for this kind of thing when online resources are more accurate.
