My 2yo little girl is obsessed with horses. She loves this sticker book. She isn't quite old enough to do all the activities but she enjoys placing the stickers in the right spots with a little assistance. It took her a month or so to work through the book doing a page or two a day.

This is a nice sticker book to keep on hand for visiting small children and it works well for both boys and girls. Nice quality and will keep kids attention for quite a while.
